HALIBURTON COUNTY ECHO

THE VOICE OF THE HIGHLANDS

5c PER COPY

THIS WEEK'S PRESS RUN—1806

HALIBURTON, ONTARIO Thursday, December 7, 1961

Established in 1882 as the Minden Echo & Haliburton Records

Nicol Wins In Dysart

Saturday was election day in Dysart though the only contest was in Ward II where two aspired for the seat left vacant by councillor Cowen.

There is a saying in the prize ring "they never come back" but this hardly holds true in politics as Elizabeth Nicol, former councillor, deputy reeve and reeve was winner over John Johnson who was making his first bid for election. The results are as follows:

	Poll 1	Poll 3	Poll 4	Total
Johnson	82	9	12	103
Nicol	76	50	24	150

Poll 1 was held in Haliburton, Poll 3 in Harcourt and Poll 4 in Donald.

Stanhope---Record Vote

Saturday, December 2 was election day in the Township of Stanhope, and the results show the largest number of votes ever polled in the municipality, thus showing the keen interest taken in the municipality by the ratepayers, both resident and non-resident—some coming from Toronto and as far as Niagara Falls.

The following are the results by polls:

	Poll 1	Poll 2	Total
FOR REEVE—			
Alex Hewitt	56	52	108
Gordon Sawyer	113	111	224*
FOR DEPUTY REEVE—			
John Broderick	118	125	243*
F. H. Brooks	19	29	48
FOR COUNCILLORS—			
William Cowen	132	102	234*
Clayton Rogers	95	89	184*
Allan Sisson	133	98	231*
Gordon Stiver	31	72	103

*—asterisk denotes those elected.

Monmouth Elections

Voters in the Township of Monmouth went to the polls on Monday for the purpose of electing four councillors and three members of the school board. The following is the result:

For council, first four elected

Davenport	143
Mather	132
Dack	117
Schofield	108
Walsh	104
Cully	98

For School Board, first three elected

Agnew	202
Dunford, Mrs. Irma	133
Brooking	132
Clarke	101

Lutterworth Nominations

Nomination meeting for Lutterworth township council was held Wednesday evening, November 29, 1961. Nominees for council are Art Hodgkinson, Roy Brooks, Oliver Greer, Robert Beeney Jr. and Nelson Archer.

Reeve Wm. Hounsell received an acclamation.

School trustees will be Mrs. Sally Grozelle, Norman Gilmore and Mrs. Muriel Brooks.

Weather Report

December 1 - 6

Highest temp., 53 deg., December 4.

Lowest temp., 27 deg., December 6.

Average max., 39 deg.

Average min., 30 deg.

Precipitation 1.63 in. rain, 2.5 in. snow.

Small lakes are open again since December 4.

Night School For 1962

Once again the Haliburton County District High School board is planning its night school program for the 1962 term. With the increased attendance during the last year, it's likely that more classes will be able to be offered during this term.

A survey of the night school students who attended last year would indicate that classes will be offered in the following subjects:

Art, woodworking, millinery, typing, leadership training and choral singing.

In addition an interest was expressed in the following subjects:

Gymnastics, conversational French, sewing, pottery, recreational rifle firing, home nursing and St. John Ambulance.

Arrangements would be made to offer these classes if there is sufficient registration.

The classes will begin this year on January 9, 1962 and run for a 12 week period ending on March 27.

A preliminary registration form will appear in the next week's edition of the Echo. We would urge those who are interested in night school classes to complete the form and return it to the principal, Haliburton County District High School, as soon as possible.

The minimum registration required before a class will be organized is 15. Only if the preliminary registration forms indicate the likelihood of reaching that number will a class be organized. Students who have already attended classes should urge their friends to register this year and take advantage of this opoprtunity.

MAGISTRATE'S COURT

Lloyd Henderson of Haliburton was fined $50 and costs and Harold Drury of St. Patrick St., Lindsay, was fined $25 and costs, when they pleaded guilty to causing a disturbance.

Constable William Bowes testified that they were fighting at the corner of Lindsay and Kent Sts., at 11.30 p.m. After their arrest Henderson again struck Drury, the constable said.

* * *

William A. Curry of Haliburton was fined $35 and costs for carrying a loaded firearm in his car. Conservation officer Aubrey Gostlin testified he found two shells in a shotgun lying on the front seat of his pick-up truck. He noted that accused was the 14th person charged with this offense in November.

Water In Head L. Contaminated

Last summer a number of young children at the Rotary beach, Haliburton, contracted impetago and were informed that the cause might be from bathing in water that was polluted.

We had heard from time to time that raw sewage was being pumped or dumped into a municipal sewer that feeds into the Drag River. On August 7 we learned that this statement was true.

Many parents were concerned, but one more so than the others, and said person complained to the Ontario Water Resources Commission and the following letter in reply we think speaks for itself.

Dear Madam:

On receipt of your complaint regarding the discharge of sewage from a Department of Highways storm sewer to the Drag River, representatives visited Haliburton. At the time of the visit samples were collected and various officials contacted.

The report which will be sent to the township clerk, Mr. G. H. Windsor, outlines the details of the findings of our inspection. In general our inspection indicated that minor pollution, at the time of the visit, was taking place from the municipal storm sewer. The municipal officials are being asked to take action to control this problem.

Yours very truly,
G. R. Trewin, supervisor,
Field Activities.

Stanhope Council

The following are the minutes of the November 29 meeting of Stanhope council with all members present.

Moved by Allan Sisson, seconded by William Cowen, that the minutes of the previous meeting be adopted as read. Carried.

Moved by Alex Hewitt, seconded by John Broderick, that the correspondence be filed for future reference. Carried.

Moved by Alex Hewitt, seconded by John Broderick, that our road superintendent look over the road and moving of fence at John Morrison's so the plow could turn, and make a report at the next meeting. Carried.

Moved by Alex Hewitt, seconded by William Cowen, that the clerk be authorized to write the district engineer re: the Mr. Sharpe lot, through which the road under construction on the west side of Kushog is passing. Carried.

Moved by Alex Hewitt, seconded by William Cowen, that the clerk write Mrs. Lillian Bailey stating that we will fence the abandoned cemetery on her property and see that it is properly looked after. Carried.

Moved by Alex Hewitt, seconded by Allan Sisson, that we accept the road voucher for the amount of $1,212.46 and the same be paid. Carried.

Moved by John Broderick, seconded by Alex Hewitt, that as recommended by the court of revision, we hereby authorize a rebate to the treasurer under Section 244, Chap. 23 of the Assessment Act in the amount of $249.29, interest $2.51; 2% discount allowed on taxes paid by August 31, $626.05.

Moved by Alex Hewitt, seconded by John Broderick, that accounts amounting to $156.17 be paid. Carried.

Moved by John Broderick, seconded by Alex Hewitt, that this meeting adjourn until Wednesday, December 13 unless called sooner by the reeve. Carried.

The Echo Phone Number Is 350W

Work Stopped On Long Lake Road

A motion will be heard this week at Osgoode Hall, Toronto, to quash a by-law which would in effect give cottagers and ratepayers access to Long Lake.

This question has been a headache to council for the past 10 years.

Two and a half years ago when the writer was a member of the Dysart council a motion was moved to take expropriation proceedings in order to secure public access to Long Lake.

This action was taken when people found the road barricaded.

If they by-law is quashed it could have far reaching results insofar as the rights of citizens and cottagers are concerned.

We can well see why some people would wish to deprive the general public the right of way to this lake which according to articles in the Toronto Daily Star last summer, is one of the finest bass lakes in Ontario.

The other side of the story is this: Residents of Dysart have been taxed from time to time in order that monies might be spent to keep this road open and they should back our council to the limit to see that this money has not been spent for nought.

Advertisers Please Note

On December 21 the Echo will be publishing its annual Christmas edition.

In a few days Chas. Brandon will be canvassing the Minden area for Christmas greeting ads.

In Haliburton and surrounding area Creighton Feir will be picking up the Christmas ads;

If you have not been contacted by December 16 regarding this advertising please phone Chas. Brandon at Minden or in the Haliburton area call the Echo office.

And remember the deadline for all Christmas advertising will be Tuesday, December 19, 12 noon.

HALIBURTON NEWS LETTER . . .

We are glad to report that Mrs. Ray Archer, who underwent surgery this week in the Ross Memorial Hospital, Lindsay, is making satisfactory progress on the road to recovery.

* * *

Gordon Neville informs us that during the hunting season he lost a female hound but it has returned home this week—not empty handed we might say—as she was accompanied by six small rabbits. At present she is mothering these small animals. Mr. Neville hopes to get a picture of this strange combination.

* * *

While we have no ice in Head Lake and very little snow the Haliburton Huskies are getting ready for the winter season. They had their first workout on artificial ice in the Bobcaygeon arena on Wednesday. From all reports Haliburton should have a good hockey team this winter.

* * *

Sorry to report that Mrs. Audrey McIntyre is again a patient at the Ross Memorial Hospital, Lindsay. Not only her immediate family, but her many friends as well are concerned over her continued poor health.

* * *

It has been drawn to our attention that despite more hunters than ever before took in the hunting season in Haliburton county, no serious accidents occured. It would appear that the campaign for hunting safety is beginning to bear fruit. From all reports this was, on the whole, the most successful season ever as far as the highlands are concerned.

* * *

We were sent an article from the Toronto Daily Star by one of our friends entitled "Non-Residents Win Council Control." The article appears on page two of this paper. While it may not be known some of our cottagers were here on Saturday. Whether they voted or not we do not know, however we feel in this area cottagers are, on the whole, well satisfied with our local government.

RESORT BATTLE

Non-Residents Win Council Control

Summer cottage owners managed to get representatives elected to the councils of two Muskoka resort townships, but a movement is already afoot to unseat two of the newly elected councillors.

In Medora and Wood township, summer residents drove north in force to double last year's voting and elect three Toronto men to council positions.

The fair weather folk of Somerville township didn't fare as well, but still were successful in electing a councillor and a school trustee—both township residents who had the backing of the cottage owners.

Elected to the Medora and Wood council were R. C. Dobson, a Toronto executive, who is an incumbent councillor, W. J. Bushnell, chartered accountant, and J. G. Housser an investment dealer.

J. E. Wright, president of the Medora and Wood Ratepayers' Association, said the asociation will consult with lawyers to see what can be done to unseat Mr. Bushnell and Mr. Housser.

He said no such action is considered for Coun. Dobson, who, despite the fact he lives in Toronto, missed only one council meeting this year.

The election gives summer residents control of the five man council. Their property represents more than half of the municipality's $6 million assessment.

Joseph E. Pratt, an electrical contractor, and 10 year veteran on council, defeated Reeve Percy Woods for the township's top post. Harold S. White, a township wood contractor, is the fourth councillor. He placed second in the voting.

Close to 500 summer residents drove to the township from all over southern Ontario to fatten the ballot boxes, polling about twice last year's vote.

A two month campaign of summer residents in Somerville township failed to "drag enough people away from the American football games on television," according to Tom Rodgers, secretary of the Somerville Township Ratepayers Association.

Fred Rumney, a township resident who had the summer residents' support, was elected to a council seat. Similarly, Mrs. Merle Hopkins won a place on the board of education.

But the association's candidates for reeve and deputy reeve were defeated by about 100 votes each. A former councillor, Norman Taylor, won the reeveship.

Mr. Rodgers said summer cottage owners pay about 65% of the township's taxes.

INGOLDSBY

Mr. and Mrs. Ed. Carpenter, Fern and Albert visited on Sunday with Mr. and Mrs. Pete Robinson.

Mr. and Mrs. Geo. Good and family of Toronto spent the week end with Mr. and Mrs. Andy Paul.

The lovely fall weather we have had lately has given the summer cottagers an extended season.

Those who spent the week end at their cottages were Mr. and Mrs. Lloyd, Mr. and Mrs. Lyons, Mr. and Mrs. Cavan, Mr. and Mrs. H. Bowman and Mr. Sid Burtchell.

Mr. and Mrs. Harry Burke and family visited on Sunday with his parents, Mr. and Mrs. Robt. Burke.

Mr. and Mrs. Everett Burk called on Mr. and Mrs. Wm. Hartin on Sunday.

Miss Caroline Coburn spent the week end with Miss Linda Wagg.

Mr. Cecil Burk called on Mr. and Mrs. Harry Burke on Sunday.

Mr. Jack Milburn, Mr. Lester Hicks and Mr. Russell Baker spent the week end at their homes here.

Mrs. Art Burwood was a business visitor to Peterboro on Thursday.

Mr. and Mrs. Lorne Hogg and Mr. Maurice Holland and Garry called on Mr. and Mrs. Harry Burk on Wednesday night.

"Geographical barriers have been broken down by fast and easy travel, and so far as communicable disease is concerned we are now close neighbors of people in the Congo and Japan. It is in keeping with the times that tuberculosis associations in Canada are taking a mounting interest in tuberculosis control in every part of the world."

MARY LOU TAYLOR, 19, of Burlington, has been selected for the third consecutive year as Halton Dairy Princess to compete at the CNE against more than 40 other county and district winners for the Ontario crown. The winner will be awarded a two-week tour of Great Britain, via Pan American World Airways, by the sponsors, the Ontario Department of Agriculture, the Ontario Milk Producers' Co-ordinating Board and The Telegram.

Maple Lake News Notes

Mr. and Mrs. Milton Dawson visited Mr. and Mrs. Malcolm Kennedy of Parry Sound a few weeks ago.

Miss Lottie Hawkins is now settled in and enjoying the change in Annie Fountain's large cottage where she will spend the winter.

Mr. Herb Fountain will spend a week in Oshawa with relatives.

The Guild held their card party at the Green Canoe. Due to poor weather a small crowd was on hand. The regular monthly meeting for November was held at Mrs. Geraldine Carr's with seven members and two guests present. The meeting was opened by the president, Vi Simms, with a devotional period, minutes read, roll call business in general. Articles for the Christmas bazaar were turned in. The next meeting is to be held at the home of Mrs. Frances Sisson on December 7. The bazaar was held in the auditorium of the West Guilford school December 2 with a good display of home baking, needlework and a notion table. Afternoon tea was served.

Congratulations to the reeve and fellow councilmen for 1962 of Stanhope. We understand it was the largest poll recorded.

Miss Rella Carr is home for a few days. She is now on active duty as a policewoman.

Mr. Harold Dawson was home on the week end.

Miss Jean Dawson entertained a friend from Toronto over the week end.

Mr. and Mrs. Cecil Morrison and children and Larry Morrison were home to Bithynia farm for the week end.

Mr. and Mrs. Napier Simpson Jr. and Sr. were home to Blagdon Hill last week end.

Mr. and Mrs. Don McMurtry of Oshawa were at Bithynia farm last week end.

Mr. Dan McPhail returned home to Gordon Carr's today after spending several weeks in Ross Memorial Hospital, Lindsay.

Mrs. Malcolm Kennedy and children spent a week with Mr. and Mrs. Milton Dawson.

Congratulations to Mr. and Mrs. Stan Dawson of Ottawa who are the proud parents of another daughter.

BANK OF MONTREAL REPORTS—

Holding prices down and increasing productivity should be Canada's objectives in the face of intensifying world competition and changing market alignments, according to G. Arnold Hart, president of the Bank of Montreal.

Mr. Hart told the bank's 144th annual meeting today that this country should follow the European example in developing greater cooperation among labor, management and government towards these paramount aims.

Shareholders also heard R. D. Mulholland, vice president and general manager, report business to October 31 at a record level, with growth in assets of $464 million, which represented "the largest increase ever experienced in a year by any Canadian bank." This expansion brought the B of M's total resources to a figure just below the $4 billion mark.

Three Million Customers

Mr. Mulholland also noted that the B of M is now banker to more than three million Canadians from coast to coast, with the number of deposit accounts increasing 134,000 in the year.

Mr. Hart said that while business has shown signs of increased activity in the past year, the pace of recovery from recession "still falls short of the rate of growth we would wish to see." He added that Canada today lives under conditions of "managed money," so that it should be recognized that Canada's fiscal and monetary policies must be closely interrelated.

In the future, he hoped that "level headed commonsense" would prevail in management of the money supply, with flexibility as the key.

Even so, Mr. Hart believed, "there is no monetary formula that will, in itself, create wealth," nor can there be a substitute for the "technical skill and energetic salesmanship required in an increasingly tough competitive trading environment."

Positive Approach

Advocating a positive approach to new problems for Canada caused by the European common market, the B of M president said the stimulus to economic expansion likely to follow Britain's entry and the consequent greater demand for Canadian raw materials, might well in the long run offset other disadvantages.

In any event, he continued, Canada can "reap nothing but disappointment from taking a negative attitude in our international dealings," so that "we should be active in meeting the competition, and in adapting ourselves."

Progress Noteworthy

Reporting "noteworthy progress" in a year when monetary conditions were "appreciably easier," Mr. Mulholland presented a statement showing new records in almost all areas. Assets rose to $3,950 million, deposits to $3,647 million, loans to $1,934 million and investments to $1,107 million, he said, while earnings were 514,578,817.

Expenses rose substantially during the year, due mainly to increased interest paid to depositors and to increased salary costs for the larger staff needed to handle the rapidly increasing volume of business, Mr. Mulholland said.

887 Offices

Forty-five new B of M offices were opened during the year, bringing the October 31 figure to 887 at home and abroad.

Loaning services to the small business borrower have been readily available, including loans under provisions of the new Small Businesses Loans Act, and advances by the bank to farmers also rose to new records. The general manager also reported expansion in the B of M's international business and in operations of its affiliate, the Bank of London and Montreal, in the Caribbean and Latin America.

For HIM *and* HER

GEORGE WHEELER for an appointment telephone Haliburton 281J after six o'clock.

Maple Street needs another Volkswagen.

When you own a Volkswagen, you can expect company after a snow storm. Inquisitive company. They'll want to know why your car got through the drifts, and theirs didn't.

There's no trick to it. A Volkswagen has its engine in the rear where it does the most good. The extra weight over the drive wheels provides an amazing amount of traction, even on icy hills. When you want to stop safely, but in a hurry, the VW's traction keeps you out of trouble.

Another blessing in cold weather is the VW's air-cooled engine. There's no water, so there's no need for anti-freeze. You don't even need a garage. (If your Volkswagen won't start in sub-zero weather, check the gas gauge.)

Look underneath a conventional car and you'll find wires and rods and whatnot. In deep snow they can be a drag, and they can be damaged.

The underside of a Volkswagen is completely covered with a smooth sheet of metal. There's nothing to hold you back but your own caution.

So, if clearing a snow-filled driveway is not for you, make friends with a Volkswagen owner. Or, better still, a Volkswagen dealer.

VOLKSWAGEN CANADA LTD.

If you want to trade in your shovel on a new Volkswagen, this is your nearest dealer. He operates one of 346 VW outlets across Canada.

EASON MOTORS
Norland Tel: Coboconk 145W

Trade between nations is a two-way street. West Germany is one of Canada's best customers. And every Volkswagen sold in this country helps Canada to sell Germany more Canadian goods.

EAGLE LAKE

Mrs. F. Greer is spending a few days in Peterboro.

Mr. Walter Hobden was a week end visitor in Toronto.

Master Stephen Besse is spending a holiday with his parents.

Best wishes for a speedy recovery to Mrs. S. Nyilas who is once again a patient in Haubdrton hospital.

Mr. and Mrs. M. Hobden and Milton of Peterboro were week end visitors with his mother.

Mrs. A. Hill and Mrs. M. Vickers were recent visitors in Oshawa.

Mr. Ray Peters is spending the week with relatives in Millbridge.

Mr. and Mrs. Rufus Newbatt and family spent the week end in North Bay.

Miss M. Frost, who has spent some time in the community left last week to visit relatives near Cleveland, Ohio.

DONALD

Mr. Ronald and Miss Barbara Pasquino were week end visitors with their parents, Mr. and Mrs. Ralph Pasquino.

Mrs. J. E. Emmerson has returned home after spending a pleasant holiday with her sister and brother-in-law Mr. and Mrs. Eric Heathrote in Toronto.

Mr. Merle Pringle, who is employed in Toronto, spent the week end at his home here.

THE STANHOPE STORY
Chapter 13

When he was able, John Billings supplemented his education by attending night classes. So strong was his determination to improve that after walking six miles to work and six miles back he thought nothing of an additional five miles to school.

One of his most interesting tasks was the restoration of Pitminister church in his own shire. During the work young Billings and his father uncovered a particularly fine open work ceiling beneath a plaster overlay which may have been applied in the days of Cromwell when the Puritans did their best to erase all that was finest in church decoration.

While building Keat's bridge at Bishop's Wood, the young craftsman was introduced to Miss Charity Wyatt of Keat's Cottage. Not long after they met at the altar of the lovely church at Buckland, St. Mary.

Following the wedding they moved to Bristol where the Clifton suspension bridge was under construction. It was while he was employed on this bridge that John Billings contracted the malarial fever that was to cast a shadow over the remainder of his life.

In the hope that a change of climate might prove beneficial Mr. and Mrs. Billings sailed for Canada in August of 1870 aboard the Star Liner. The crossing was an ordeal for the weather was unusually rough, the icebergs plentiful, and the only food available scarcely fit for human consumption.

When the boat docked at Montreal, a crusading editor of the "Montreal Witness" picked up the story of the passengers' tribulations.

Although his paper was in financial troubles he gambled on his readers and asked for an extra supscription to finance a suit against the ship owners. Surprising as it may seem today, his subscribers raised the money and the legal issues were resolved in favor of the passengers. In appreciation of the editor's efforts, John Billings took the "Montreal Witness" for the rest of his life.

Their first Canadian winter was spent with Mr. and Mrs. Billings' cousins in Sutton, Que. That spring Mr. Billings was commissioned by the uneasy Canadian government to travel through the northern U.S. spying on Fenian activities which were menacing Canadian security. His crossing in 1871 was made on the ice; once at Ogdensburg, N.Y., it was easy to make his way to Chicago where he intended to seek employment.

Fate intervened when Mrs. O'Leary's cow kicked over the lantern starting the great fire which wiped out the city of Chicago.

Jobless and short of funds John Billings was forced to return to Toronto where he took up residence in the western part of the city.

His first construction work in Ontario was on the tower and spire of St. James' Cathedral where he later installed a peal of eight bells similar to those which had called he and his bride to worship at Buckland, St. Mary.

Other projects were a three arch bridge over the Humber near York Mills which is still in use, and a fine monument and wall which can still be seen at Howard Park.

Unemployment caused by the depression harassing Upper Canada in the 1870's soon caused Mr. and Mrs. Billings to cast their eyes toward the free grant land in the northern counties which was offering independence to those willing to work for it.

A reoccurence of the wasting fever and his doctor's order to "seek higher ground" started John Billings on his way to Lindsay where he found employment on the new Victoria Railway then building toward Coboconk. When lack of funds halted construction, Billings journeyed on to the farm of James Melville who was crown lands agent for Stanhope township.

The first winter was spent in a board camp near the present home of Mrs. Sid Fairfield. Securing the right farm posed a real problem for the good land along the main water route was all taken up and the only prospects seemed to be a property at Cameron Lake. However, it was sold while John Billings was in Toronto setting his affairs in order before moving.

To the northwest of Cameron Lake a small settlement of eight or 10 families had

—SPECIAL CLASS FOR LADIES—

WEDDING

Nihill - Smale

Rev. Thomas Gracie officiated at the marriage of Helen Elizabeth, daughter of Mr. and Mrs. Garnet Smale and Garret Gough, son of Mr. and Mrs. Frank Nihill of Peterboro at St. Paul's Anglican Church, November 25.

Given in marriage by her father, the bride wore a blue velvet gown with white accessories. Her sister Norma was bridesmaid, in aqua with beige accessories, and Bob Nihill was best man for his brother.

The bride's mother dressed in beige with brown accessories, received the guests at her home, where the guests from Wallaceburg, Chatham, Peterboro and Toronto, as well as Minden, enjoyed a dinner by candlelight.

After a short honeymoon the happy couple will reside in Minden.

IN QUEST OF YESTER

(Continued from Page Six)

sprung up around Third a Fouth Lakes so James Melleville suggested that Billings file in the same neighborhood on lot 24, concession 9, about a mile from Hawk Lake.

As soon as spring came, he made his way to his new farm and with the help of some local lads cleared a field south of the hill which he had chosen as the site for his first cabin. When it was replaced by a two story four room log house with milk room and wood shed attached, the cabin became a stable for the colt Dick, the second horse to appear in that part of Stanhope, who had accompanied the family from Toronto.

The new land, although rough, proved a happy choice. Its height above sea level and bracing air improved the health of both Mr. and Mrs. Billings. The pockets of fertile soil cleared for planting bore excellent crops and the frost which plagued the lower situated farms came late to Blagdon Hill.

What an adventure it must have been for a tenderfoot spending the night in a hollow stump watching fires in a burning fallow or guarding those first grain stacks from ravaging bears! The latter proved an unnerving experience for both watcher and watched for Mr. Billings, hearing nothing for several weary hours decided to abandon the vigil and struck a match to light his lantern. Its flair so startled a bear feeding almost beside him that it tripped over itself in its hatse to depart. Although the family had many consequent encounters with bears and other forest denizens none ever offered bodily harm.

There is a

mentally retarded child born in Canada every 25 minutes. Some have hope . . . all need help. You can contribute.

News of Minden

Mr. and Mrs. Harry Earle and Ronnie spent the week end in Bradford with the Gary Vaseys.

Mr. and Mrs. Angus Coulter spent Sunday with Mr. and Mrs. Abe Upton in Utterson.

Mr. and Mrs. Albert Pogue and Mrs. E. Windover spent Sunday with the Lloyd Kings in Woodville.

Guests with Mr. and Mrs. James Hie were Mr. and Mrs. Reg. Hie and Geraldine of Stouffville.

Mr. and Mrs. Wm. Negus and family and Mr. Wm. Robinson all of Lindsay, visited with the Phil Robinson's last week end.

Patients at the local hospital early this week were Mr. E. McKay, Mrs. Thomas, Mrs. Carey and Mrs. Stoughton. Congratulations to Mrs. Francis Crawford on the arrival of her baby boy.

Mr. Sherdon Kellett was rushed to Toronto General Hospital last week and is still there.

Mr. Charles Dudman is still in Ross Memorial and showing some improvement.

At the card party held by the Catholic Women's League last Monday a large crowd enjoyed games and a delicious lunch. Winners were Pat Clarke, Mrs. J. Dollo, Mrs. Pogue, John Clarke, John Richards, Bill Webster, Mrs. Newell, Mr. Newell and Mrs. Albert Cox.

Home and School

The October meeting of Minden Home and School met in Mr. Morgan's room with Mrs. Dudman presiding. The usual opening of O Canada and the Lord's Prayer was followed b ythe minutes of the previous meeting, signed as correct.

There was a letter read concerning some very excellent atlases which are selling for $1 and would make splendid gifts for a boy or girl. Also there was some discussion about having open house at the school in the evening and this will be done in March.

As this was father's night the president called on Mr. A. Fraser and he came forward and explained that he had several films to show. The first was of current interest as the same helicopter is operating on a line to be built into Hawk Lake where neither truck nor swamp wagon could go with poles. The other film from Lands and Forests was "The Temagami Ranger" and showed scenes in connection with the Temagami fire and what rangers do for prevention measures.

Mrs. Dudman thanked Mr. Fraser for getting these excellent films. She took the count of parents which resulted in Miss McArthur winning the award and banner for the month.

The meeting adjourned after God Save teh Queen.

* * *

The Haliburton County Tuberculosis and Health Association executive were guests of the Minden Rotary at a regular meeting on Monday, November 27 when Mrs. Ligia Berry of Peterboro, health education consultant, was a guest speaker.

Maurice Windsor introduced Mrs. Berry, who gave an animated and informative talk on how the problems on tuberculosis can be met locally with complete co-operation from the entire public.

Lorne Coburn thanked Mrs. Berry and Rotary president Walter Wideman presented her with a book entitled "Adventure in Service."

Betty Ross, daughter of Mr. and Mrs. Elmer Sawyer of Minden, who is employed as a bookkeeper with RCAF station Downsview, has been assigned the office of public relations manager of the RCAF drama club. Betty has been with the club for three productions, "Improper Henry Proper," "Murder Takes the Stage" and "Girls are Better Than Ever," all produced by Samuel French Inc.

New Iron Fireman CUSTOM Mark II oil furnace pays for itself in short time—burns absolutely clean

This 7-room Portland home is one of the many in which the installation of the unique new Iron Fireman CUSTOM Mark II oil furnace has resulted in outstanding fuel savings and new comfort, compared with old-style heating. Here the oil consumption in the previous year was 1441 gallons, but with the CUSTOM Mark II it was reduced to 803 gallons—a whopping big saving of 638 gallons—or over $90.00. The secret is that the CUSTOM Mark II oil furnace, with VoluMetric firing, supplies its own forced draft. It operates *without chimney draft*. This means 100% combustion; with no soot, no smoke—and remarkable fuel savings. There's nothing else like it on the market!

Why don't you see how much this oil furnace can save for you. There's no obligation and no charge for a complete heating survey. Don't waste precious fuel dollars this winter. Instead enjoy wonderful indoor comfort at new low cost.

*Other users from coast to coast report savings ranging up from 18.1%.

7-room home at 3212 N.E. Thompson, Portland, Oregon.

CHRISTMAS MAILING

As the Christmas mailing season arrives again, the post office department would appreciate receiving the co-operation of the mailing public in the following ways:

Full and complete postal addresses should be used on cards and parcels.

Return addresses should be placed on all items of mail.

Mailing Christmas mail as early as possible, for example Mail to the U.S. posted by Dec. 8.

Mail to Newfoundland posted by Dec. 10.

Mail to B. C. posted by Dec. 10.

Mail to Alberta posted Dec. 12.

Mail to Manitoba and Saskatchewan by Dec. 12.

Mail to the Maritimes posted by Dec. 14.

Mail to Ontario and Quebec posted by Dec. 15.

Mail for local delivery posted by Dec. 17.

Wrapping and tieing parcels strongly and securely.

Making separate bundles of cards for local and out of town delivery. In the past few years public cooperation has been steadily improving and we sincerely hope that it will prove even better this year, since it is vital to the efficient movement of the mails.

WANTED

SECRETARY, typing is essential, shorthand preferred. Permanent position. Twenty hours weekly, afternoon, five days per week. Applications to:

OFFICE OF PUBLIC SCHOOL INSPECTOR, MINDEN

Interviews Monday, December 11, 1.30 to 3 p.m.

STUDENT LOAN FUND REQUIRES ADDITIONAL FUNDS

Do you know that there is a fund established by donations from local citizens and municipal and county councils that is being used to provide loans for students from this county who are proceeding on to higher education? This fund is called the Haliburton County Old Boy's Educational Foundation.

Do you know that more than 10 students have benefited from this fund which has enabled them to proceed to higher education?

Do you know that over $3,000 is presently on loan to students who are proceeding to institutions of higher learning?

The demand for such loans this year has been higher than ever before. It is probable that this increased demand will continue as more and more of our students plan to attend universities, teachers' colleges, schools of nursing and technical institutes. The present loans to these deserving students may have to be refused if more funds are not made available for this purpose.

The directors of the foundation urge any citizens in the county to donate to this worthwhile endeavor. The funds made available to the foundation are used over and over again to assist deserving students who could not, otherwise, finance their way to further education.

Donations are deductable for income tax purposes.

Attached is a summary of the conditions under which the funds of the foundation are loaned to students.

Donations may be made payable to the foundation and sent to the secretary treasurer, Mrs. Annan English, Haliburton.

YOU

can help mentally retarded children lead more normal, useful lives. Help.

"MY BANK"
TO 2 MILLION CANADIANS

B of M

Who is our 3 millionth customer?

A housewife in Hamilton . . . a youngster in Yarmouth . . . a farmer in Fruitvale?

Frankly, we'd just be guessing. This year our total customers soared above the three-million mark. But which new customer in our network of 875 branches was the one between 2,999,999 and 3,000,001, we have no way of knowing.

But we do know our 3-millionth customer will probably use the B of M in many ways . . . to save for the things he wants, to finance his automobile at low cost, to pay his household bills and to keep his valuables safe.

If he is a businessman, he might use Canada's first bank to finance his day-to-day operations, to pay his employees, to collect and remit money the world over . . . if he is a farmer, "MY BANK" might be called upon to finance new trucks, modern barns and labour-saving electrical equipment.

He's very important to us, that 3-millionth customer. Never before in our long history have we been privileged to serve so many. We number with a good deal of pride those three million expressions of trust from people who call the Bank of Montreal "MY BANK".

New improved pink Fiberglas* home insulation speeds up installation

Now Fiberglas "Comfort-Conditioned" Insulation handles with new speed and ease! Lighter than ever, and with a brand new "feel" that makes it a pleasure to work with. Paper on only one side makes for easier cutting. There are new insulating qualities, too. New Fiberglas actually springs to full thickness in the wall to fill all openings and prevent sagging. A new finer fiber process in which there are no shot or coarse fibers gives uniform thermal values. See the full line of Fiberglas Home Insulations now on display at
